

DILAWAR ALI

Senior Multi-Platform Software Engineer & AI Architect

Multan, Pakistan | dilawarali.dev@gmail.com | linkedin.com/in/dilawar-ali | github.com/dilawar45

PROFESSIONAL SUMMARY

Accomplished Software Engineer and Multi-Platform Architect specializing in high-performance desktop applications (Windows WinUI/macOS), native mobile ecosystems (iOS/SwiftUI, Android/Jetpack Compose, Flutter/React Native), spatial computing (visionOS), modern web platforms (Next.js, Headless WordPress/WooCommerce), and production AI backends (FastAPI, PyTorch, n8n). Proven track record of delivering resilient, high-uptime commercial systems.

TECHNICAL EXPERTISE & PLATFORMS

Desktop Systems: Windows (WinUI 3, WPF, C#, .NET 8), macOS (AppKit, SwiftUI, SF Symbols, SQLite)

Mobile & Spatial: Apple visionOS (RealityKit), iOS (SwiftUI, CoreData, HealthKit), Android (Kotlin, Jetpack Compose, Material 3), Flutter, React Native

Web & CMS: Next.js 15, React 19, TypeScript, Tailwind CSS, Headless WordPress, WooCommerce, GraphQL, REST APIs

AI & Backend: FastAPI, Python, PyTorch, Transformers, YOLOv8, SQLAlchemy, PostgreSQL, Docker, n8n, Make.com

FEATURED MULTI-PLATFORM PROJECTS

• Apex Analytics — Windows 11 Fluent Telemetry Desktop Client

Stack: C#, WinUI 3, .NET 8, ReactiveUI, SQLite

High-performance Windows 11 client with Mica translucent acrylic materials, 60fps telemetry charts, thread profiling, and zero-latency hardware sensor feeds.

• QuantumFlow AI — Full-Stack Intelligent SaaS Web Platform

Stack: Next.js 15, React 19, TypeScript, Tailwind CSS, FastAPI

Enterprise AI analytics web application with real-time WebSockets streaming, responsive glassmorphism UI, interactive model charts, and multi-tenant security.

• BioPulse Pro — Native iOS Health & Biometrics Tracker

Stack: SwiftUI 5, Combine, CoreData, HealthKit, WidgetKit

Native Apple Health-integrated iOS application with dynamic ring visuals, real-time HRV monitoring, interactive lock screen widgets, and offline persistence.

• CoreMetric — Native macOS Sequoia System Diagnostics Suite

Stack: macOS AppKit, SwiftUI, Metal, SF Symbols, SQLite

Native Mac diagnostic tool with translucent sidebar, granular CPU thread telemetry, memory allocation gauges, and menu bar quick-status daemon.

• VisionOS Dataspace — Apple Vision Pro Spatial Computing App

Stack: visionOS 2, RealityKit, ARKit, Spatial UI

3D spatial analytics environment featuring floating volumetric network graphs, gaze-directed pinch gestures, and spatial audio in augmented physical rooms.

• Blockfolio — Native Android Material 3 Fintech App

Stack: Kotlin, Jetpack Compose, Coroutines, Flow, Room DB

Modern crypto portfolio tracker with Material You dynamic theming, interactive sparkline charts, and biometric authentication.

• FleetPulse — Cross-Platform Logistics & Transit Solution

Stack: Flutter, Dart, React Native, Mapbox SDK, Supabase

Cross-platform delivery tracking app for iOS & Android with live turn-by-turn route polylines, sub-second GPS webhooks, and offline sync.

• Aurélia Luxury — Headless WordPress & WooCommerce Portal

Stack: WordPress Headless, WooCommerce, Next.js, GraphQL, ACF Pro

Editorial luxury storefront combining headless WordPress & WooCommerce APIs with Next.js frontend, instant search, slide-out cart drawer, and custom Gutenberg blocks.

EXPERIENCE & RESEARCH

• Freelance Multi-Platform & AI Engineer — Self-Employed / Global Clients (2023 — Present)

Delivered 15+ production applications, desktop tools, cross-platform apps, and automated workflows for international clients with 99.8% uptime.

• AI Research Intern — Data Science Lab, AITeC — National Center of Physics (NCP) (Internship)

Conducted deep learning experiments, computer vision models (YOLOv8), and neural embeddings in a premier scientific research facility.

• Data Science Intern — Bytewise Limited (Internship)

Engineered statistical feature extraction pipelines and deployed predictive classification models.

EDUCATION & CERTIFICATIONS

PIEAS University, Islamabad — BS Computer & Information Sciences (CGPA: 3.09 / 4.0 | Sep 2021 — Jul 2025)

Certifications: IBM Data Analyst • IBM Machine Learning Professional • DataCamp Data Scientist Associate
